

Relative error for the single precision real sum = 1.1974043E-05

Relative error for the double precision real sum = 1.0066124E-15

Relative error for the quad precision real sum = 2.0562615E-34

Relative error for the single precision complex sum = 3.3162480E-07

Relative error for the double precision complex sum = 1.3994482E-15

Relative error for the quad precision complex sum = 2.0226882E-34
